ABSTRACT

This publication lists information about the Advanced Placement Acceptance policies of institutions of higher education in Missouri. With colleges and universities listed alphabetically, the document serves as a guide to high school students who can determine the scores required on the Advanced Placement Examinations of the College Entrance Examinations Board for acceptance for college credit, the credit hours granted, and the institutional courses satisfied. This publication reflects the most current institutional policies regarding advanced placement for 67 institutions. The mailing address and a contact person are given for each institution. (SLD)

Preface

By The Coordinating Board for Higher Education

The Coordinating Board for Higher Education invites Missouri's high school students to review the information presented in this 1998 listing of Advanced Placement acceptance policies and accept the challenge of participating in the Advanced Placement program while in high school. Students who take Advanced Placement courses develop high academic expectations and derive increased satisfaction from challenging coursework. The completion of Advanced Placement courses inspires a sense of achievement that serves students well in college and at work. Finally, Advanced Placement courses set a challenging standard for excellence in teaching and learning in the high schools where they are offered. As a consequence, the Coordinating Board for Higher Education promotes Advanced Placement courses in high school as one means for strengthening students' preparation for college as well as the demands placed upon high school graduates who enter the work force directly out of high school.

All Missouri colleges and universities were provided the opportunity to revise their Advanced Placement policies. This publication reflects the most current institutional policies regarding Advanced Placement. While every effort has been made to present the most current information, it is always a good practice to contact the institution with any questions that may arise upon review of the Advanced Placement acceptance policies contained in this report.

The Coordinating Board for Higher Education expresses its sincere appreciation to the campus officials who assisted in the development of this document. It is the board's sincere hope that this publication will be of assistance to students, parents, high school counselors, and those Advanced Placement course teachers who are dedicated to preparing Missouri's high school students for the challenges of today and tomorrow.

The Coordinating Board of Higher Education also wishes to thank the Advanced Placement Directors, Dr. Janette Ralston, Truman State University in Kirksville, and Dr. Sterling Cossaboom, Southeast Missouri State University in Cape Girardeau. Their help in compiling this information is greatly appreciated. For information concerning AP Teacher Development Institutes, contact Dr. Ralston at 1-660-785-5396 or Dr. Cossaboom at 1-573-986-6179.

Acknowledgement

By Robert McDonough, Director
Academic Services, The College Board / Midwest

On behalf of The College Board, allow me to congratulate the state of Missouri and its Coordinating Board for Higher Education for their many efforts to broaden access for Missouri students to the Advanced Placement Program. Overcoming a lack of student awareness of the AP Program and its benefits is critically important to the success of any such effort, and this publication of the collegiate AP policies in the state is a major contribution to overcoming that struggle. Indeed, all students should know that successful AP candidates can receive baccalaureate credit for their achievements at an overwhelming majority of colleges and universities in the United States and in a growing number of institutions located in other countries.

Equally important to an enhanced awareness of the AP Program is the availability of high quality professional development opportunities for secondary school faculty willing to deliver the AP courses. Missouri and the Coordinating Board for Higher Education must be congratulated again for creating AP teacher development centers at both Southeast Missouri State and Truman State universities. As a result, teachers from throughout the state will be able to take advantage of twenty-five financially subsidized AP teacher training courses in the summer of 1998. This activity, along with many others, is being directed by Dr. Janette Ralston of Truman State and Dr. Sterling Cossaboom of Southeast. A special word of gratitude goes to Dr. Ralston for her work in gathering the AP policy data for this booklet.

Finally, to further assist the Missouri AP initiative, The College Board has created the Missouri Advanced Placement Advisory Council. The council will assist The College Board in its effort to tailor AP Program services to the needs of Missouri students and teachers. The council is chaired by the former Commissioner of Higher Education, Dr. Charles McClain. Thus far, others who have accepted membership on the new council are: Margaret Bahe, John Burroughs High School; Tom Becvar, Saint Louis University High School; Maridella Carter, Blue Springs South High School; Dr. Sterling Cossaboom, Southeast Missouri State University; Dr. Edwin Hiss, Washington University; Gary Kamper, Mary Institute and St. Louis Country Day School; Hank Landry, David H. Hickman High School; Dennis Lock, Jefferson City High School; Patricia Noland, Ladue Horton Watkins High School; Dr. Janette Ralston, Truman State University; Dr. Orlo Shroyer, Missouri Department of Elementary and Secondary Education; Bragg Stanley, David H. Hickman High School; Dr. Robert Stein, Missouri Department of Higher Education; and Connie Wells, The Pembroke Hill School.

Washington
WASHINGTON·UNIVERSITY·IN·ST·LOUIS

One Brookings Drive, St. Louis, MO 63130

Please note: *1. The maximum number of units of credit accepted toward the Bachelor of Arts degree earned through Advanced Placement awards is 30.*

2. No department at Washington University offers absolute credit, without further study, for scores lower than 4. In French, German, Latin, Modern Hebrew, Physics, and Spanish, a score of 3 confirmed by a course here earns additional credit; see listings below.

Grade of	Program
	ART HISTORY
4 or 5	3 units of credit for L01 Art History 112E contingent upon the completion of a 300- or 400-level Art History course with a grade of B or better.
	BIOLOGY
4 or 5	6 units of credit for L41 Biology 100A and L41 Biology 0001 (elective credit). Students who plan to major in Biology or who are pre-med normally will enroll in Bio 296A in the Spring of freshman year, Bio 297A in the Fall of sophomore year, and Bio 3051 in the spring of the sophomore year.
	CHEMISTRY
5	8 units of credit equivalent to Chem 111A, 112A, 115. Student may proceed directly into Chem 116 and 251 in the fall of the Freshman year.
4	8 units of credit equivalent to Chem 111A, 112A, 115. Student should either take 111A, 112A, 151 and 152 for 8 additional credits in the fall of the Freshman year or, at least, wait until the Sophomore year to take Chem 251.
	COMPUTER SCIENCE A , AB
4 or 5	Placement and credit dependent upon taking a proficiency exam given by the department. Contact (314) 935-6160 for forther information.
	ECONOMICS - MICRO
5	3 units equivalent to Econ 103B upon completion of Econ 401 with a grade of B or better.
4	Placement in Econ 401 or in any 300-level class with an Econ 103B prerequisite, so long as the prerequisites — such as Calculus — are met; no units of credit. By passing introductory courses may be disadvantageous.

Washington
WASHINGTON·UNIVERSITY·IN·ST·LOUIS

One Brookings Drive, St. Louis, MO 63130

Grade of	Program
	ECONOMICS - MACRO
5	3 credits equivalent to Econ 104B contingent upon completion of Econ 402 with a grade of B or better.
4	Placement in Econ 402 or in any 300-level class with an 104B prerequisite, so long as the prerequisites — such as Calculus — are met; no units of credit. By passing introductory courses may be disadvantageous.
	ENGLISH COMPOSITION AND LITERATURE
	(Engineering students-see enclosed statement from your division)
5	Three units of credit satisfying the composition requirement of the College of Arts and Sciences will be awarded to AP 5 students who also complete one of the following courses with a grade of B or better: E Comp 211, 311, 312, or E Lit 211, 212, 213, 241, 242.
4	No units or credit or placement, but if additional test scores are high, the Department may elect to assign you to take E Comp 199, Advanced Expository Writing, rather than E Comp 100.
	FRENCH
	(To receive Advanced Placement credit in French for a score of 3 or 4, you must complete a 300-level course with a grade of B or better.)
5	6 units of credit equivalent to L34 French 102D and 201D. Students may enroll in a 300-level course conducted in the language.
4	3 units of credit for L34 French 102D with an additional 3 units of credit for L34 French 201D contingent upon completion of a 300-level course with a B or better — other than conversation — conducted in the language.
3	6 units of credit equivalent to L34 French 102D and 201D, contingent upon completion of a 300-level course with a greade of B or better — other than conversation — conducted in the language.
	GERMAN
5	6 units of credit for L21 German 210D awarded automatically; students may enroll in a 300-level course: German 301D, 302D, 313, 340C (Literature in Translation and German Tutorial).
4	3 units of credit for L21 German 210D awarded automatically; an additional 3 units of credit* for L21 German 210D awarded upon satisfactory completion of German 301D.
3	6 units of credit* for L21 German 210D, awarded upon satisfactory completion of German 301D. * Please note: Students may receive this credit only if they start their language study at the 300-level.

Washington
WASHINGTON·UNIVERSITY·IN·ST·LOUIS

One Brookings Drive, St. Louis, MO 63130

Grade of	Program
	AMERICAN HISTORY
	(AP credits are not counted toward the History major.)
5	6 units of credit for History 209C and 210C.
4	6 unites of credit for History 209C and 210C contingent upon the completion of a 300- or 400-level history course with a grade of B or better.
	EUROPEAN HISTORY
	(AP Credits are not counted toward the History major.)
5	6 units of credit for History 101C and 102C.
4	6 units of credit for History 101C and 102C contingent upon the completion of a 300- or 400-level history course with a grade of B or better.
	LATIN
5	6 units of elective credit, upon completion of either Latin 317 or 318 with a grade of B or better.
4	3 units of elective credit, upon completion of either Latin 317 or 318 with a grade of B or better.
3	3 units of elective credit, upon completion of both 317 and 318 with a grade of B or better.
	MATHEMATICS - AB
	*(The Mathematics department gives a placement exam each fall during the orientation period. **We ask that all entering students planning to enroll in a calculus course** (except those with an AP score of 5) **take the placement exam.** This gives us one more piece of information to try to ensure correct placement into the calculus sequence. Only an AP score of 5 receives automatic credit and placement into the calculus sequence.*
5	3 units of credit for Math 131. You will be placed into Math 132, 1322 or 1323.
4	Take Math Placement test. You will probably be placed into Math 1322 or 132.
1, 2, or 3	Students with scores of less than 4 should consult with their advisors about placement based on the Math Department Placement Test, SAT scores and high school record. It will be helpful to your advisor if you bring with you the title and the author's name of the calculus book you used in high school and a photocopy of its table of contents, indicating which capters you covered.
	Any student entering the Calculus 131-132-233 sequence can receive AP credit for earlier courses in this sequence by successful copmletion (grade of C- or better) of the next course in the sequence. To receive such credit, students must, complete an AP credit request form in th eMathematics Office (Cupples I, Room 100) at their convenience.
